Glorious death, nevery and half of humanity

Theree homeless people ;Alpha, Omega and Alphabet stand around a fire

Alpha

I don’t know

these rich people , why they don’t do more

I mean, the can control things

why don’t they make things better

Omega

they eat meat

Alpha

Yes, Omega, they eat

they must, och course have their own problems

I mean , what if they run out of gas

All three laugh

Alphabet

what if they forget to vote

They all laugh

omega

what if they stopped eating meat

Alpha

Well then they wouldn’t be deciding things society, would they

Alphabet

I’m hungry

Alpha

Hey O, check if there’s any sausage left in the bag

Omega

ok

Alpha

no not that bag , Your bag

leave mine alone

Omega

yeah there’s two sausages left

I take one for my self

Alphabet

oh, do You want to take it Alpha

I’m really hungry

Alpha

ahh, I don’t know, it’s hard

Alphabet

it’s same

You take it

go on

I can be hungry

long time

Alpha

oooh, Ok, I take it

but You don’t complain later huh?!!

Alphabet

hey, I found some bread

but there’s only two left

I keep one

who want the other

Alphabet

Looks really hungry

go ahead Alpha, Youneed bread for Your sausage

take it

I can go thirsty, long time

Alpha

Nah, I don’t know
it’s hard

alphabet

sure thing

yeah well

I guess, it’s same

Alpha

it’s ok

I’ll take it

tellus a story alphabet

Omega

Hey Alphabet

is that Your real name?

Alphabet

Alphabet

well when I was a kid

we used to play on the streets

and I knew all the kids names and last names

and their age, birthday and star signs

so there was this guy who was sort of a big guy

everybody called him bulldog

but I called him by his real name Alexi

so he titled me Alphabet

Alpha

that’s a good story

Omega

looking though the bag again

hey, there’s two bottles of coke left

who wants some

I’ll take one

Silence

Alpha

Takes the bottle, opens it

Drinks a little

to alphabet

here, take a sip

alphabet

oh thanks

and here’s Your wallet back

sorry for taking all of it

we didn’t know You were on the streets like us

alphabet

I just lost my apartment

well, I just lost my job

Two guys; Paste and Fucher walk passed them

one of them, Paste notices Alphabet

fucher

well, that was when I realised I want to be rich

so I discovered this investment thing

paste

Still staring at alphabet

yes, I’m listening

fucher

well, it’s basically very simple

I invest in a business that is competing with a large corporation

high tech stuff

and invest in both

and the when the famous one makes newer products

I tell people about it and over maybe a period of 30 years

a safe investment, You make sure of that

there are ways , you'll see

and then, you tell people about it

and show the result

wel sort of that Youcan do many double investments like that

but Youmust have millions of dollars to begin with

so, people are greedy

when one of these stock go high

you tell some people about it

paste

yes

fucher

as i said

and people are greedy

Silence

yes, as I mentioned

people are greedy and

one thing I learned of observing rich peoples documents in the records

is that…

well You know it's my Jo to keep records of rich people

from work

any way , people like to invest in companies that it's going well for

and they always, always Cash Out when they realise they're going to be rich

because the stock has gone up so much

so they go up they cash out and the stocks fall

And everybody sells

then suddenly the competition starts doing well

that's when I get wealthy

but You see, I don't cash out

I know I'm not that innocent of a guy

I mean I've done my share of sin

Paste

You don't know much about the stoc market do you

so yeah

so 8 tell You , That favour You owe me

let's do like this

Looks at alphabet

I am connected

I know people

you must promise to keep this a secret

fucher

yes, yes, I promise, I promise

what is it

paste

I belong to …

Pause

fucher

yes

to what

You belong to what

paste

I belong to a .. secret society

fucher

wow, You don’t say

paste

well I did say

fucher

I say..

You’re some legitimate guy

You mean, You’re gonna get me in

paste

well, sort of

there are no meetings

..eee…Bea cause it’s a secret

fucher

oh, I see

yes, I’ll keep this

what’s it called

paste

eehhh

Takes a look at alphabet

it’s called…eee… The Alphabet Society

because the letters , …

so we sort of make everything

much like the illuminati

fucher

but the illuminati

eee…

you mean they Make stuff

paste

Nono, that was nothing

so You do me this favour and I will make sure

You'll have what ever You wish for

for ever

Takes out a little bag

let's take some of this

He sniffs it up his nose

And offers Fucher

And fucher takes a sniff

yeah . That's better

now, this favour

fucher

what was this

It stings I the nose

paste

oh it's like weed

but clinically approved by doctors

it’s legal

now, this favour

is a little bit up Your alley

this guy that isa big shot

but…

Look at alphabet again

but he’s under cover

I mean he’s playing it low

but he is on top on everything

he has been a stone in our shoe for a long time

so

this friend does some tricky stuff

he does voodoo

he does black magic

and he plays with nature

actually he disturbs nature to bring back some one he loved long time ago

a witch that ate children in the 11th century

a vampire

Behind the a woman dressed in a burgundy dress and with long hair passes them

And stands in the corner and watches them

He notices her

let’s go over here

so he’s is a very bad man

and we don’t have many people with Your skills

I mean you know how to kill

fucher

Nono, it was an accident

I didn’t mean to

he provoked me

is as just cooking food and he ran at me

paste

accident

both times

fucher

oh, no, the other guy

no, he got a heart attack and Couldn’t breath

paste

and the marks on his neck

He got strangled

fucher

no, he did that himself

he couldn’t breath so he grabbed himself by the throat

he just died man

paste

ok

but You would be doing us a big favour

getting rid of this guy

he is evil ,

if You want I can prove it to You

fucher

I really don’t want any trouble

please

I’m not a professional

paste

oh, I’m sure it’s just like riding a bike

you’re a natural

we can go to the ministry

the church would confirm this

you just ask

Takes out a little camera and takes a picture of alphabet

now we know how he looks like

The three notice them and look for a while

Alpha start sneaking their direction

come on, let's go

this place is creepy

Exit paste and fucher

The woman in burgundy follows

Exit woman

omega

Looking in the bag

hey, I found two cigarettes

alpha

give me one

Omega light one for himself

Alphabet looks like crying for himself

Light ps out

Lights on

A church

Priests walking and meditating

Enter paste and fucher

A Moment

paste

wait for me here

To one of the priests

escuzi padre

Bon giorno

Murmurs something

The priest fetches a pen and a piece of paper and gives it to him

Paste writes something

To fucher

now I asked where the holy father resides

but he is busy and we must talk to a bishop

it’s the high rank priest

come

They go across the stage

They stand a while

A bishop is walking behind them

Fucher doesn’t notice him

Paste secretly hands the bishop the piece of paper from behind

A moment

paste

come let’s go over there

maybe they have a break soon

They walk again across to the other side and stand

A while

Priests walking by

there

there’s a bishop

The bishop from before goes to the fire place and throws in the paper

escuzi padre

hello

padre

The bishop comes close

excuse me father

I am paste

and this is my dear dear friend fucher

we have an issue to discuss

You see I am trying to explain about the …uhhm

..eee.. oh padre….seniore escuzi father

the Antichrist

and how we must crush him

my friend has a talent

but he doesn't believe him

escudo father, my medication

Takes out his bag of drugs and sniffs a little

Offers but the bishop is not interested

And fucher is ashamed and doesn't want either

my medication

so father, we found the antichrist

this is the picture

do you recognise father

can you confirm, this is him

Shows him the picture

it’s him this

padre

yes my son

it is the antichrist

paste

do we have or he

does he have your blessing to

crush him

kill him

make him dead

padre

the charity of men shall surpass the judgement fo the angels

you shall carry out this command my son

fucher

oh no

is he dangerous

the antichrist

him

is him

padre

yes

and yes , he is very dangerous

he want the end of this world

no more Christ

no more salvation

you must you must do thins

is the command of the Lord

fucher

i don’t know, I sort of want no part of this cruisade

it is a cruisar father right

He nods

Paste takes out the drugs

Offer fucher

Fucher is first hesitant but accepts in the end

And sniffs

The priest joins in

paste

well, of source dear fucher , you don’t have to

maybe our end is inevitable

if we must all die

then so be it

All the priests react and look

paste

he will know in his heart, isn’t it so bishop

padre

padre

yes , in his heart he will know the truth

fucher

this secret society

Paste does. A gesture

oh I mean nothing

my mistake

padre

good my son

now of there’s nothing else I can do for you

I have to see to the holy father

fucher

well, I guess’s , well, if it was from the holy father himself

I mean if he himself would say this cruised e was necessary

I would comply

padre

one moment

He goes to talk about this with some other bishops

They talk a bit

A while

A moment

Pause

He comes back

padre

the holy father goes to bathroom to wash himself at noon

it is in five minutes

we may ask him on his way , but we must be very cautious

he is busy and we can not burden him

I Will show him the picture and if he agrees

is this enough

fucher

well I mean

if he would agree that he must be killed

I believe you it's the antichrist

At this time the pope enters and walks slowly across the stage with his servants

padre

there he is

one moment

The bishop waits a while and then stands further towards the pope

The pope getting closer

He walks very slowly

A while

A chant is sung

The bishop conferres with the pope

and the pope looks at fucher and paste

and goes to deep thought but walks anyway

The bishop gestures to paste and paste runs to them

He gestures again and paste takes out his drugs

padre

to him

to the holy father

Paste offers the holy father

The pope gestures NO

The bishop insist offer him again

Paste offers

The pope gestures NO

The bishop orders paste to offer yet another time

Paste offers

And the pope slowly bends forward and takes a sniff

pope

ahhh

Chant stops

ahh, bene, bene, Molto bene

ahh, bene

He starts walking again

Padre whispers to him and shows him the photo

They stop

pope

YES,

YES, HE MUST BE KILLED

Fucher faints

The holy pope doesn't a cross sign for fucher and passes him

Exit pope and bishop and succession

Paste
Helps up fucher

And they exit

Prisms standing still and two and two start debating with each other

Light out

Lights on

Alphabet, Alpha and omega stand around the fire
Same place

Alpha

I'll be right back

He walks across the stage and sits and begs

Several people walk by and ignore him

Paste and fucher enter

paste

so we must be secretive about this..

oh what's this

oh I can't stand poor people

poor guy

let me give him a twenty

Gives Alpha a twenty

Alpha

just twenty

please more

fucher

more?

he has no shame

I give you a penny

he gives you a twenty

more?

They walk by

Alpha goes back

Paste and fucher turna round and walk back

Paste has lost his wallet

Alpha

look this

I got a twenty

hey alphabet

why don’t you go buy some beer and cigarettes

omega

yeah, buy some sausages too

Alphabet goes

and don’t forget bread

alphabet

understood

He goes across the stage and enters a shop

paste

ah never mind

now You see

he will be here any moment

here’s a gun

you go from behind

and execution stylee

bang

fucher

oh I see

but what if his friends over there

paste

what friends

fucher

well I saw them standing together around that fire

paste

ok, if they come

you shoot them too

Alpha and omega turn and look at them

Paste does a gesture

And they walk away

Exit Alpha and omega

paste

now you take this gun

here put in the bullets

I will go

fucher

will you talk to them

in the secret society

paste

yes yes

maybe later

listen

you'll get all you want you just have to pray to father in Heaven

we will hear you

but understand you are the hand of justice

we are different

you simply are not fit

but if you want to be a king or even god

fucher

listen

no not god but The mythology

mythology

you must show faith

god is holy

it doesn’t matter

it’s a word

your faith shall surpass all sorts of fanatic belief

just because you are called god

the concept is the holy

fucher

yes’m god

paste

yes but don’t forget

you name him

that’s your mistakes

names are for people

not

Point up

you know

fucher

so people can be called god

oh, I see

maybe

you don’t have name for

Point up

you know

that’s the secret

society

paste

it’s many things

you do this

you get everything

fucher

I do it because it’s antichrist

At this point Alphabet comes out with a bunch of bags and eating a chocolate bar

paste

good luck

and don’t try to find me

pray my son

pray

ask and you shall receive

alphabet

Hears this

amen

Fucher walks behind alphabet

g b h

ohhh now

that's half of the story

look over there

Fucher looks

no, that’s just symbology

I mean

I was promised to be …

He looks around

not that I’m scared or anything

we use shame

you see

I loved my friend so much so I wanted to be like him

all I have left is my shame

fucher

oh, shame

so you’re ashamed

g b h

I’m god

wel, half of the time at least

fucher

and the other half

g b h

here I am, in flesh and blood

so shame is our tool

you know

people like us gave them religion

it’s for all

we know

but it’s turning the other cheek

acceptance

but we must give up this god ship and resist temptation

so we are king

and they don’t accept

and they want everyone to confess

Starts weeping

you know what I say when I’m honest

that I am to blame for all cruisifiction

that I have done such evil

that I have no human rights

that is EVERYONE rIgHt

I don’t have ?

and that I’m god half the time just to resist

and become nobody

I believe

I don’t say

fucher

yes no name

g b h

no, it’s Not That

fucher

silence then

g b h

no it’s Not That

Silence

A while

Pause

A moment

exactly

I just wondered what is woman

and they say I'm damned because I want a wife

why they want to marry

I Am DAmNED?

Thunder

They get terrified

oh shit

fuck , the bastards

Starts weeping again

you are promised to be god

just bow down to me

god to god

Fischer

bow down

ehh, what
Do you mean

I don't want it anymore

I'm leaving

g b h

what do you mean

bow down

and you’re god

fucher

I just pretended

I dont want it

I had purpose

I wanted to know

for my self

g b h

you mean

NO

deceit

you’re working for them?

fucher

yes

I’m have killed antichrist

I’m not bad

I’m not god

Enter paste

g b h

oh paste

I hear you’re grand master

you know him

paste

oh, fucher

he’s heard

he’s is the chosen one

g b h

he says he’s working for the angels

we have infiltration

oh

I see

you were granted to be king

you know too much

fucher

I haven’t done anything wrong

paste

oh, so you want out

g b h

make him play ball

make him bow down

I’m tired

I want to reach the next level

you promised

oh

we can do many things

fucher, what is your wish

what do you desire

fucher

just nothing

a simple life

and to live forever

g b h

preferably with a wife ?

fucher

yes

just simple

eat , sleep, work, wife

just a simple life

Paste gestures and goes to the side with g b h to talk

They whisper and come back

paste

well, that’s that then

we can’t do anything for you

you’re on your own

you beat the system

fucher

oh, yes

I see you realise

goodbye

and don’t mind if I don’t wish you good luck

He walks away

Alphabet after him

Paste and g b h walk towards a group of bodybuilders

Just came in to bodybuild

They talk silently with the one of the bodybuilders

And the bodybuilder

Goes and comes back dressed as a lady and wig with long hair

And dances a very feminine dance

While paste and g b h exit

The o the body builder dance with him sometimes

Exit the other bodybuilders

Fucher comes walking for himself

And the bb is picking lowers

Alphabet is standing there too

fucher

oh, I didn’t see you there

hello

bb

oh hello

what a nice morning we are having, don’t you think

yes

I just want to dance

Music comes on
A waltz

Fucher takes a bow and takes her hand

She let’s go of the flowers and they start to dance

They dance through a wedding

They dance through a child birth and they dance into a family

Sitting around a table with two teenage boys
Also bodybuilders

bb

As she serves dinner

I was thinking my love

fucher

yes , what is it

bb

why don’t we move to that house in creation avenue

fucher

oh that house we saw

pass me the salt

bb

here you are my love

I love you so much

Kisses him on the cheek

the stage is so much better

fucher

what was that

bb

oh nothing

fucher

good

somethings are mean to be unsaid

and not in front of the children

ok we will kov then

let’s start packing

you got the keys

bb

I’ll just go get it

She goes out and is back

her you are my love

as I said this stage is so dull

and so much bad energy

the stage around creation avenue is much better to raise kids in

better stage , better life

fucher

oh women

I never understand how you talk

They start packing and go to another house

And start unpacking

bb

oh the sofa is better here

no put it here

The are moving the sofa

And they move things around until it’s settled

A while

A moment

Pause

and that’s the last

why don’t you go to the shop my love and get some bread

they’re still open I believe

fucher

ok

Exit fucher

They wait

And when they’re sure he’s gone

They take the jewellery

The valuables

and go hide it backstage

and bring back an extra bodybuilder
with a bat

And he slays them

Exit killer

Silence

A while

Pause

Enter fucher

Discovers the murder and weeps and cries

Enter the bodybuilders friends and they clear the stage

Exit all

Enter. Young princess

y p

how beautiful the world

it good everything

I want to dance so much

and sing with heavens

Starts picking flowers

creation

creation

Enter fucher and alphabet

Fucher has a shovel and starts digging

oh hello sir

I didn’t see you there

fucher

yeah yeah , everything’s fine

She starts dancing
and over there alphabet dances for himself not noticing her

fucher

I say

do you come here often

I haven’t seen….eeh…

who are you

y p

I’m just a person

you are beautiful

fucher

oh thank you

you are of course also good

He comes close and starts grabbing her

And forces her to dance with him

She doesn't quite want to

but give in in the end

And sits her down and starts building a house

With the help of his bodybuilder friends

And the old bb and two boys help too

He doesn't recognise them

After it's built

He takes her hand and takes her to bed

And lights out

Spot on alphabet and young princess

They just start dancing

And a while passes

They are dancing

Awhile

Suddenly she wakes up in her bed

Alone

And goes to sit by the breakfast table

Alphabet sits next to her

And they talk in silence

And richer seems to not hear them

And does choirs around the house

A while like this

Then alphabet leaves
And fucher hugs his wife and they go to bed

Alphabet sits in the sunset

And angels with wings three come to crown him

Three times

Lights fade out

curtain
